Welcome!

LETTER FROM THE ORGANIZER

Westercon was born from a love of science fiction and fantasy. Myths and Legends Con was born from a love of fandoms like Harry Potter and Firefly. We are excited that your love of something brought you here! This is a place of community, where everyone is welcome and accepted. While you are here, I task you: be kind to one another, try something new, embrace the unexpected, listen to each other, and support each other. We are all here because of our shared interests. Unite in our shared joys, and bring new ideas to each other. Our communities are capable of so much. Let's do amazing things.

Westercon & Traditions

Westercon, or the West Coast Science Fantasy Conference, is a regional science fiction and fantasy convention founded in 1948.

In 1948, Walter J. “Doc” Daugherty of the Los Angeles Science Fantasy Society proposed that an annual West Coast convention be started for West Coast fans who couldn’t afford to travel east each year. The first Westercon was held in September, 1948. It was a one-day event with an attendance of 77. It wasn’t until 1951 that the Westercon became a weekend-long event, settled into the July 4th holiday and began traveling to different cities.

In 2016, Denver won the right to host Westercon 71 in 2018, which is being hosted by Myths and Legends Con 6!

VOTING

ANDREW MAYNE - ENTERTAINMENT GOH

Andrew Mayne, star of A&E's Don't Trust Andrew Mayne, is a magician and novelist. He was ranked the fifth best-selling independent author of the year by Amazon UK and his Jessica Blackwood series, about a female FBI agent who pursues crimes that appear supernatural, was nominated for the ITW Award.

As a magician, he started his first world tour when he was a teenager and went on to work behind the scenes for Penn & Teller, David Blaine and David Copperfield. He's also the host of the Weird Things podcast, winner of the 2016 Podcast Award for best science series.

CONNIE WILLIS - HECKLER GOH

Connie Willis is the award winning author of Doomsday Book, Passage, To Say Nothing of the Dog, Bellwether, and Blackout/All Clear. Connie has been awarded 11 Hugo Awards, 11 Locus Poll Awards and 8 Nebula Awards. Her stories have an epic feel to them and range from laugh out loud funny to deadly serious. The first half of her newest novel, Blackout, was published in February 2010 with the second half, All Clear, was published in October, 2010.

We are pleased to have Connie join us to provide context for why the long-time members of the Westercon community do what they do, and help young or new fans better appreciate the historical entity and lore of Westercon and fandom in general!

KENT BLOOM - FAN GOH

Kent started reading SF before he was 10 years old (a long time ago). He attended Discon II in 1974, MidAmeriCon in 1976, and hasn't missed a Worldcon since. He joined the Washington Science Fiction Association in 1975, and was active in that club and its Disclave conventions until he was transferred to Colorado Springs in 1991. Kent is a founding member of First Friday Fandom of Colorado Springs. Kent started working on Worldcons at Iguanacon in 1978, where he was a radio operator and operations staff member. He chaired Denvention 3 in 2008. He is currently President of the Worldcon Heritage Organization, which collects and displays artifacts from Worldcons.

He has volunteered at Division Head and Department Head levels at Worldcons around the world, including Great Britain, Canada, and Australia.

KRISTOPH KLOVER - FILK GOH

Kristoph Klover is a singer songwriter guitar player and studio engineer, co founder of the bands Avalon Rising and Broceliande. With his wife Margaret Davis, he made the famous Starlit Jewel album. The only American sanctioned LOTR Tolkien album.

Margaret & Kristoph have delighted audiences since 1993 — sharing the magic of other times and places with fans of traditional music the world over. They have put together an engaging collection of traditional Celtic, Medieval, and Renaissance music ranging from haunting harp-based ballads and troubadour love songs, to danceable jigs and reels. Their lyrics, including some in Gaelic, Medieval French, and Provençal, speak of love and longing, quests and revels, magic and transformation in a language that transports and enchants the listener.

MARGARET DAVIS - FILK GOH

Margaret Davis is a singer, Celtic harper, flutist and recorder player who has dedicated her life to performing original arrangements of Celtic and Medieval music. She grew up in Illinois where she was classically trained as a flutist and recorder player and received degrees in Music and French from Knox College. She has recorded 14 CDs with her bands Margaret & Kristoph, Broceliande, and Avalon Rising, and on them she sings in French, Medieval French, Latin, Provençal, Gallician Portuguese, Gaelic, Spanish, and English. Margaret's interest in music as a healing modality has led to work with Oakland's Healing Muses, Stanford Hospital's Music for Healing Program, and with Vision Journey Facilitator Britt Nesheim. As a day job, she works as a calligraphic artist, creating one-of-a-kind illuminated calligraphic commissions.

MEM MORMAN - FAN GOH

Mem attended her first Worldcon (and her first science fiction convention) at Baycon in Berkeley over Labor Day of 1968. This eye-opening weekend led her into both the Tolkien Society and the Mythopoeic Society and she attended (and volunteered at) Mythcons and Westercons for the next decade while she finished college, married, and even had babies – reading SF all the while.

She ran her first con in 1976 – the first Mythcon run outside southern California. This experience, the birth of her third child, and a new job with IRS kept her too busy for active fandom for a couple of years, but she returned to cons and con running on the east coast in the 1980s working on Darkovercons, Disclaves, Datclaves, and the occasional Worldcon.

NANCY KRESS - LITERARY GOH

Nancy Kress is known for her Hugo and Nebula-winning novella *Beggars in Spain*. Kress won the Nebula Award for Best Novella in 2013 for “After the Fall, Before the Fall, During the Fall”, and again in 2015 for “Yesterday’s Kin”.

Although she began by writing fantasy, Nancy currently writes science fiction, often about genetic engineering. She teaches regularly at various venues here and abroad, including the two-week intensive workshop Taos Toolbox, with SF writer Walter Jon Williams. For sixteen years, she was the “Fiction” columnist for WRITER’S DIGEST magazine, and has written three books about writing.

Safe Space & Anti-Harassment

Shiny Garden is proud to provide a safe space for everyone on site, including, but not limited to, guests, attendees, volunteers, hotel staff, and members of the public passing through. We gather together to support each other in the love and expression of our fandoms, also known as geeking out.

Being a safe space means that our attendees are free to express themselves and their interests without fear of being attacked for their love of their interests or for being themselves. It is an inclusive space for all people regardless of gender, gender presentation, pronoun choice, sexual orientation, disability, physical appearance, body size, race, religion, age, or affiliation.

No harassment of any kind will be tolerated. Our friends Merriam and Webster tell us that harassment is any activity or behavior that annoys persistently, bothers, creates an unpleasant or hostile situation or threatens another person or group of people.

If you wish to not harass or threaten, here are some guidelines you can follow:

- Before you touch (for example: hug, glomp, touch a cosplayer's costume), ask permission. "May I give you a hug?" "May I touch that fabric?"
- Clarify if permission is single-use, or if it extends longer (that day, that weekend, etc.).
- Ask before taking anyone's picture.
- Accept "no" as a reasonable answer without follow-up questions. Their reasons are not your business unless they choose to share them with you.
- If you find someone's outfit interesting, it is acceptable to tell them so, but do not expect further interaction after giving your compliment.
- Appropriate compliments include: "Nice craftsmanship," "You captured the character really well," or "Thank you for representing my favorite character."
- Inappropriate comments can include (depending on context): "You look sexy," "Here's my number," "My cosplay is better than yours." If you are unsure, ask a friend to help you phrase your compliment.
- We recommend avoiding comparisons. (For example: "Your outfit is much better constructed compared to his.") Let each person's work stand for itself.
- Absolutely inappropriate behavior includes groping, looking up skirts/kilts, positioning yourself to look down shirts/dresses, coercing someone to do or say anything, and hate speech (using words that purposely offend or insult).

If you are being harassed, or if you witness harassment at the convention, please report the situation to any convention staff member, visit the registration desk, or email harassment@malcondenver.org.

Child Policy

It is important to us and the future of fandom that we involve our children in the multifaceted worlds of science fiction and fantasy. To that end, we encourage parents to bring children of all ages to the convention and its events. Parents or their deputies must be present at all times, even during designated children's programming.

The convention does not offer babysitting services. We apologize for any inconvenience this may cause.

- Children under 7 must be accompanied at all times by a parent or designated adult who is over 18.
- Children ages 7-12 must have a parent or designated adult over 18 in close proximity at all times.
- Teens 13-17 may attend the convention without close supervision by a parent or guardian. However, if adult activities or programs are in progress, they may be asked by a staff member to leave the room.

Convention staff and participants leading programs are not designated adults for the purpose of this policy.

Parents are responsible for their children at all times. Please keep your child close to you when in public areas of the hotel, as it is often hard to distinguish that the parent is at hand and the child is not lost. If parents believe that their convention activities will be constrained too much by the required monitoring of their children's activities, they are encouraged to arrange for proper childcare at another location. If your child wanders away, please check with Operations.

Do not leave your child unattended. If a child is left unattended for more than 15 minutes, the police will be contacted.

Clothing & Weapons Policy

Costuming and cosplay are encouraged at the convention. Please feel free to dress up as your favorite character(s) during the convention. (We sure plan to!)

When planning your costume, please mind the following guidelines, which are always in effect:

- Keep it PG: This is a family-friendly convention, and we want to maintain the goodwill of the hotel, so please keep your bits covered.
- No real weapons (including, but not limited to firearms) are permitted at the convention, even if you have a permit or a license.
- No realistic-looking weapons: If security (ours or the hotel's) can't tell from a distance that it is a fake weapon, then it is too real. We applaud your authenticity, but must ask that you leave it at home.
- Metal weapons and working projectiles are not permitted.
- If participating in a costume contest, do not point weapons/accessories at any attendee during your presentation.

Drug Policy

We ask the following of all present, be they panelists, vendors, authors, artists, other content providers, staff and volunteers, or attendees:

- You agree to not be under the influence of recreational drugs while attending the convention. You agree to not drink enough alcohol to become intoxicated while attending the convention.
- Some people come to a Colorado convention with the idea that this is the perfect time to try some legal marijuana. However, hotels can and do forbid marijuana use on their property. Visit ResponsibilityGrowsHere.com for responsible guidelines.

Westercon Bylaws

As of Close of Westercon 70, July 4, 2017

The following document is the current text of the Westercon Bylaws and Standing Rules, as of the close of Westercon 70 (Tempe, Arizona, 2017). No new amendments to the Westercon Bylaws were ratified at Westercon 70. Linda Deneroff and Kevin Standlee prepared this document based on the results of the Westercon 70 Business Meeting. No amendments to the bylaws were ratified by the Westercon 70 Business Meeting.

1 General Provisions

1.1 Name and Date

It is traditional, but not obligatory, that the West Coast Science Fantasy Conference (Westercon) shall take place over the July 4th weekend.

1.2 Guests of Honor

It is traditional, but not obligatory, that Westercon Guests of Honor and other notables be selected from among SF personalities residing within the Westercon geographical area.

1.3 Membership Classes

There shall be at least two classes of membership in Westercon: supporting and attending. The committee shall notify the members of their membership class in a timely fashion.

1.3.1 Supporting Members

Supporting members shall receive any progress reports or any other generally mailed publications published after the member joins the Westercon, including the Program Book, and may exercise any voting rights permitted by any other part of these bylaws, except attending the Business Meeting. All Westercons shall be required to offer supporting memberships until at least thirty (30) days prior to the opening of the Westercon, and such supporting memberships shall not cost more than one hundred and fifty percent (150%) of the voting fee charged when the site of the Westercon was selected. Any class of membership offered by a Westercon costing at least as much as a supporting membership shall include a supporting membership.

1.3.2 Attending Members

Attending members shall have all of the rights of supporting members, plus the right to attend the Westercon and the business meeting(s) held there, subject to the restrictions established by the other parts of these bylaws.

1.3.3 Restriction of Memberships

Each Westercon committee shall have the right to limit the activities of its attendees, either individually or in groups, insofar as such activities endanger, physically or legally, other persons or property. Such limitations may include, but are not limited to, closing down parties, ejecting persons from the Westercon, or turning offenders over to other authorities. No refund of membership need be given in such circumstances. Each member, in purchasing his/her membership, agrees to abide by these bylaws.

1.4 Name Badges and Membership Numbers

All committees shall issue name badges for all attending members. Name badges for pre-registered members shall display the member's name in no less than 24-point bold type. All committees shall assign a unique membership number upon processing of a membership. This number provided to each member with the site selection ballot and with each progress report, shall be printed on membership name badges, and shall be used for site-selection purposes. In the event a membership is transferred, the old membership number, if applicable, shall be noted, both on the badge and on registration information used for site-selection voting administration. Membership badges or other proof of membership remain the property of the Westercon committee for the duration of the conference and may be confiscated for cause; no refund of membership fees need be given in such circumstances.

1.5 Archive of Bylaws

The Los Angeles Science Fantasy Society, Inc. (LASFS) shall act as an archive to the Westercon bylaws and

Westercon Bylaws

the minutes of business meetings. Each committee shall reimburse LASFS for the costs of copying and forwarding copies of the Bylaws and Minutes to those who request them. A copy of the minutes, including the text of motions passed by the business meeting, shall be sent to LASFS within two (2) months of the close of each Westercon by the administering Westercon. LASFS shall maintain the Westercon bylaws and shall forward one copy of the current bylaws, including the text of any amendment to the bylaws awaiting secondary ratification, to the current Westercon committee within four (4) months of the close of the previous Westercon. The current Westercon shall provide copies of the Bylaws to the committees of all Westercon bids for the year which that Westercon is administering the site-selection.

1.6 Distribution of Bylaws to Members

The Westercon Bylaws, as well as the complete text of any amendment awaiting secondary ratification, shall be published in at least one (1) progress report and in the program book of the current Westercon each year. Failure to publish this information shall not affect the procedure to amend the bylaws as stated in Article 4.

1.7 Westercon Service Mark

All Westercons shall publish, in all publications such as promotional flyers, progress reports, and program book, the following notice: "Westercon' is a registered service mark of the Los Angeles Science Fantasy Society, Inc."

1.8 Responsibilities of Administering Westercon

It is a responsibility of each Westercon to enforce the provisions of these bylaws.

1.9 Committee Failure

Should a Westercon Committee declare itself unable to fulfill its duties, the Board of Directors of the Los Angeles Science Fantasy Society shall determine alternate arrangements for that Westercon.

2 Westercon Business Meeting

2.1 Scheduling of Sessions

At least one (1) regular session of the Westercon business meeting must be scheduled at each Westercon. No regular session of the Westercon business meeting shall be scheduled to start prior to 11 AM, nor later than 2 PM, nor on the last day of the Westercon. A special session, at which site-selection business shall be the sole order of business, may be scheduled on the last day of the convention, provided that said special meeting is scheduled to begin no earlier than 11 AM or later than 2 PM. All sessions occurring during the same Westercon, be they regular, adjourned, or special, shall be considered, for procedural purposes, as the same parliamentary session.

2.2 Site-Selection Business

Site-selection business shall be in order at any session of the business meeting. Site-selection business shall include, but need not be limited to, the announcement of the results of the balloting and of a winner if one is produced by the balloting, or of a site-selection resolution, as hereafter defined, if one is necessary [see Section 3.16]. The winner of the site-selection may be announced prior to the site-selection business meeting, if one is held.

2.3 Quorum

For business other than site-selection business, a quorum of ten (10) attending members of the current Westercon shall be required. For site-selection business, the quorum shall be those attending members of the current Westercon who attend the meeting. All those persons voting at any meeting must be attending members of the current Westercon. Except as noted in these bylaws or in such rules of order as may be adopted, all business requires a simple majority to pass.

2.4 Parliamentary Authority

The current edition of *Robert's Rules of Order Newly Revised* shall be the parliamentary authority of the Westercon business meeting except where it conflicts with these bylaws or with any special rules of order which may be adopted by the business meeting.

Westercon Bylaws

3 Westercon Site-Selection

3.1 Eligibility of Sites

Any site on the North American continent west of the 104th west meridian, or in the state of Hawaii, shall be eligible to be the site of a Westercon, except as restricted by the provisions of these bylaws.

Provided that, upon the annexation of Australia by the United States of America or the annexation of the United States of America by Australia, Section 3.1 shall be amended to read:

“Any site in Australia, or on the North American continent west of the 104th west meridian, or in the state of Hawaii, shall be eligible to be the site of a Westercon, except as restricted by the provisions of these bylaws.”

[Note: On a parliamentary inquiry based on a question of when the annexation must take place for a site to be eligible, the 2002 Business Meeting decided that a bid for an Australian site is eligible, even if the annexation has not yet taken place, provided that the annexation has taken place by the filing deadline for the intervening Westercon (the April 15th following the Westercon at which the Australian Westercon is selected), and that if the Australian site has been selected, and the annexation has not taken place by that date, then this shall constitute committee failure, as covered by Section 1.9.]

3.2 Site Selection Zones

The following Site Selection Zones are defined within the area defined in section 3.1:

3.2.1: North: Sites in North America north of the 42nd north parallel.

3.2.2: Central: Sites in North America between the North and South zones.

3.2.3: South: Hawaii; California south of and including San Luis Obispo, Kern, and San Bernardino Counties; Nevada south of and including Clark County; Arizona; New Mexico; and all countries, states, provinces, territories, or other political subdivisions southward within North America.

3.2.4: Other: Any location otherwise eligible under section 3.1 not part of the above zones.

3.3 Regional Exclusion Zone

No site within the Site Selection Zone containing the site of the Westercon administering the site-selection election shall be eligible to bid, except as provided in this section. If no eligible bids are filed by the January 1st of the year of the site-selection balloting, then all sites defined in section 3.1 shall be eligible.

3.4 Filing Deadline for Ballot

Only those eligible bids whose filing paperwork required by section 3.5 is in the possession of the administering Westercon by the April 15th preceding the balloting shall be listed on the ballot.

[Note: On a parliamentary inquiry at the time of ratification of the text of the above section, it was ruled that “If the filing paperwork can be verified to be at the address of the administering convention, it is in the committee’s possession.”]

3.5 Filing Requirements

A Westercon bid committee must provide written evidence of the following: At least two (2) separate people declaring themselves Chairman and Treasurer; an organizing instrument such as bylaws, articles of incorporation or association, or a partnership agreement; and a letter of intent or option from a hotel or other facility declaring specific dates on which the Westercon shall be held; and, for a sponsoring organization from within the United States of America, evidence that the sponsoring organization is a non-profit association or corporation within the applicable state law of the sponsoring organization.

3.6 Eligibility of Voters

Site-selection voting shall be limited to those persons who are attending or supporting members of the administering Westercon and who have paid a voting fee toward their membership in the Westercon being selected. Other classes of membership may vote only upon the unanimous agreement of all qualified bidding committees. One person equals one membership equals one vote. Corporations,

Westercon Bylaws

Associations, and other non-human entities may vote only for “No Preference.” “Guest of” memberships must be transferred to an individual before voting for anything other than “No Preference.”

3.7 Voting Fee

The voting fee shall be twenty US dollars (US\$20.00) or the local equivalent unless the committees listed on the ballot and the administering Westercon agree unanimously to charge a different amount.

3.8 Minimum Rights of Voters

The payment of the voting fee shall make the voter at least a full supporting member of the Westercon being selected, and may make the voter an attending member at the discretion of the winning bid.

3.9 Prototype Ballot

The Los Angeles Science Fantasy Society, Inc. (LASFS) shall prepare a prototype site-selection ballot, including instructions for preparation of the ballot, and shall provide the prototype to each administering Westercon at the same time the bylaws are provided to the administering Westercon as provided for in section 1.5. Upon receipt of the prototype, the administering Westercon shall complete the ballot by filing in the information about the eligible bid committees, including the dates of the proposed Westercons, the voting fee, minimum membership requirements, including the cost of a supporting membership in the administering Westercon, and the address to which site-selection ballots should be sent. The administering Westercon shall be responsible for the publication and the distribution of the ballots to the membership of the administering Westercon. All eligible bids received in accordance with sections 3.4 and 3.5 shall be included on the ballot. The ballot shall also include entries for “No Preference” and “None of the Above,” and shall provide space for at least one (1) write-in bid. The ballot shall be a secret ballot, specially marked for preferential voting with an explanation of the method of counting preferential votes.

3.10 Distribution of Ballot

The site-selection ballot and full rules for site-selection voting, including the deadlines for voting by mail, shall be mailed on or before the May 10th preceding the voting to all members of the administering Westercon as of one week before the mailing. The ballot and full rules for site-selection, including the hours during which site-selection will take place and the location of the site-selection, shall be given to all attending members upon registration at the Westercon, or such information shall be prominently displayed at the registration area throughout the Westercon.

3.11 Deadline for Voting by Mail

All ballots received by the administering Westercon prior to June 20 shall be counted.

3.12 Bid Presentations

Each eligible bid committee shall have at least fifteen (15) minutes of scheduled program time on the first full day of the administering Westercon for the purpose of making a bidding presentation.

3.13 At-Conference Voting

Site-selection shall be open for at least six (6) hours between the hours of 11 AM and Midnight on the day before the business meeting at which site-selection business is scheduled. All on-site balloting shall be from one central location, under the supervision of the administering Westercon. If no site-selection business meeting is scheduled, then site-selection shall be open for at least six (6) hours between the hours of 11 AM and Midnight on the next-to-last day of the administering Westercon.

3.14 Verification of Ballots

Properly completed ballots shall contain: the member's printed name; the member's membership number as assigned by the administering Westercon; the member's dated signature; the member's address of record with the current Westercon; the member's current address if different; and the member's vote(s) as defined elsewhere in this article. Verification of the ballots shall consist of matching the name and number of the member with the records of the administering Westercon. Ballots received by the committee prior to June 20, and any others received by mail which may be counted, shall be held by the administering Westercon until the opening of the Westercon, at which time they shall be verified

Westercon Bylaws

by the administering Westercon and the bidders.

3.15 Counting of Ballots

The administering Westercon shall arrange for the counting of ballots, and each eligible bid committee shall be allowed to send at least two (2) observers to such ballot-counting. The count shall be by preferential ballot. The winner shall be that bid which gains a majority of those votes expressing preference for a bid. For the purpose of vote counting, "None of the Above" shall be treated as if it were a bid. "None of the Above" and votes for ineligible bids shall count toward the total number of votes cast. Blank ballots, illegal or illegible ballots, and votes for "No Preference" shall not count toward the total number of votes cast. All vote totals of final results and of all intermediate counts shall be made available at or before the closing ceremony.

3.16 Procedures When No Bid Wins or is Eligible

Should no eligible bid gain the needed majority, or should there be no qualified bidding committee, or should "None of the Above" win, a three-fourths (3/4) majority of the site-selection business meeting of the administering Westercon may award the Westercon to any bid, or a simple majority of the meeting may decide that they are unable to decide. If the business meeting does not choose a site, the Board of Directors of the Los Angeles Science Fantasy Society, Inc. shall choose a site within six (6) weeks of the close of the administering Westercon. If "None of the Above" wins, none of the bids which were on the ballot may be selected. A site chosen under the provisions of this section shall not be restricted by any portion of this article except this section and section 3.1.

3.17 Availability of Results

The results of the balloting shall be reported to the site-selection business meeting of the administering Westercon, if one is held. A record of the results of the balloting, including all intermediate counts and distinguishing between the by-mail and at-con ballots, shall be published in the first or second progress report of the winning Westercon.

3.18 Hand-Carried Ballots

The administering Westercon shall accept hand-carried ballots, which are otherwise valid ballots delivered to the administering Westercon by someone other than the member who prepared the ballot.

4 Procedure for Amendment of These Bylaws

4.1 Method of Adoption

Amendments to the Westercon Bylaws must be ratified by the majority vote of the business meetings in two consecutive years. Proposed amendments shall be read in full by the chairman of the business meeting immediately before being voted upon.

4.2 Primary and Secondary Ratification

The secretary of the business meeting at which an amendment receives primary (first year) ratification shall submit an exact copy of the amendment to the following year's Westercon business meeting. The question of secondary (second year) ratification is debatable and is amendable only to the extent that such amendments do not increase the scope of the original bylaw amendment.

4.3 Effective Date of Amendments

Unless otherwise provided, amendments shall take effect at the close of the Westercon where they receive final ratification. Operating rules for already-selected Westercons shall not be changed by amendments to the bylaws. Rules regarding eligibility and voting procedures for site-selection are not considered to be operating rules.

Standing Rules

1. Close Debate. Before proceeding to take a vote on a motion for the Previous Question, the presiding officer shall ask for a show of hands of how many people still wish to speak to the pending motion. This rule does not allow debate on the motion for the Previous Question.
